New York, N.Y.

Dear Mr. Karpay,

I have just received your letter of yesterday. Frankly, I am disturbed at it. Apparently you have an attachment that is not an attachment. Have you an attachment on Triangle, as you indicated in your previous letter? If you, we have an attachment, I think, because they are the top organization in the structure. It is possible that Click is being consumed by Triangle, if the dissolution to which you refer is merely a corporate dissolution. Or did you mean what I have long felt, that they are folding the magazine?

Anyway, I will be leaving Washington Thursday afternoon. I will be in New York Monday and will get in touch with you.

Yours truly,

Harold Weisberg
